## Get This FREE!

No kidding... get a free dispensing cartridge with every case of hand sanitizer purchased.

## Compare The Price!

Please compare this price... others sell a six-pack (800ml) of hand sanitizer with aloe for about the same price as our 12-pack!

## Stop The Madness!

It's okay to serve your members well without hurting your bottom line. Wipes are a great convenience for occasional clean up... not for everyday use. They're just too expensive!

Have you noticed that everybody wants to sell you wipes? Did you notice how much money you're spending every month for wipes? Do you cringe every time a member takes a bunch to clean off a machine and then casually tosses them in the trash, virtually throwing your money away? What you and your members really need is an effective (and inexpensive) way to sanitize the areas of the body that actually come into contact with the machines (their fingers and hands).

Introducing the GLIDE Instant Hand Sanitizer with Aloe Vera and Vitamin E. Just a small dab is enough to thoroughly sanitize hands. This soothing lotion smells great, dissipates quickly, and sanitizes as well as anything on the market. And, at these prices, you can afford to put these anywhere in the club you'd like (without cringing). **Buy a case, and get the dispenser for FREE!**

Just like our competitors, we can act as a purchasing agent, procuring OEM parts from manufacturers at a discount and then selling them to you at list price. That's not what we're about. Can we get just about anything for you? Sure. We just don't think that's where the true value of Glide Fitness lies. Items in this catalog were carefully selected as the "meat and potatoes" of the industry, and we've done our best to deliver the best with pricing that will save you money, time and time again. If we haven't accomplished this for you, please let us know.

And now for the fine print... This is Volume III, Issue 1 of the Glide Catalog. The purchase price of this catalog is \$1.00 US. Manufacturer names and models given throughout this catalog are trademarks of the respective manufacturers. These manufacturers are in no way affiliated with Glide Fitness Products, Inc. And, oh yeah, our lawyer tells us we have to say that all prices listed in this catalog are subject to change without notice.

Thanks from the Crew at Glide!
