What goes up must come down. When your lift motors aren't following the rules, give the experts at Glide a call. We won't send back these units until they function like brand new. Whatever parts are needed (gears, bearings, pots, or the like), they will always be replaced. All connections are checked, and the units are cleaned and detailed before they make their way back to you.

MOTORS

MOTLCIR1HPR	Motor, Lifecircuit, 1.0 HP, Refurbished, Exchange*****	\$175.00
